

# Baugo Extended Care's COVID-19 Policies

The health and safety of our children and staff are a top priority. In an attempt to mitigate the spread of this virus in our community, we would like to communicate some important changes with you.

The Indiana State Department of Health is working closely with our county health department and the Family and Social Services Administration (FSSA) to monitor the situation closely and is preparing guidance documents for health care professionals and child care providers to be able to effectively respond to any cases that may be identified in the State.

Baugo Extended Care adheres to the Baugo Community School's COVID-19 Health and Safety plans. Please use [this link](#) to visit their website for more information.
